Mr. Brown,

I met you some time ago while you were visiting Senator Sanders' office in Burlington to meet with Kelly Lucci. I hope all is well.

I work as an outreach representative to fire fighters and Emergency Medical personnel. Our office was unaware of updated hazardous waste management regulations proposed by the EPA which added additional training time for fire fighters. As a result, we didn't effectively get the word out about the changes. Can you point me towards an EPA Region 1 liaison that I could be in touch with regarding similar changes going forward or a listserv that I could join to stay up to date?

Thanks,

Harper
